

Bookbinding Station

FASTBIND EXPRESS PLUS™

Compact binding station for

- Photo labs
- Copy shops
- Offices

EXPRESS PLUS™

FotoMount binding, BooXTer binding, case making, creasing and folding with one ultra-compact, portable book binding station.

Up to 12"x12" book formats.

Binds both single-sided and duplex prints.

The new Fastbind Express Plus™ is the most multifunctional but still portable bookbinding station. This ultra-compact unit includes several finishing options: FotoMount lay-flat, BooXTer binding, creasing, case making. With the Express Plus, you produce fully personalized beautiful hard covers - up to 12"x12"-, as well as CD/DVD/Blu-ray cases, menus, wall art, ring binders and more using the case-making tool. **You bind both single-sided and duplex prints.** Single-sided prints are made into premium 180-degree-opening FotoMount albums. Duplex prints are stapled into strong and beautiful books with the BooXTer tool. To help folding prints easily, the creasing tool is also included.

FotoMount binding

Binding single-sided prints

Use Fastbind FotoMount binding for single-sided prints. With the new MountingWall system, it's easy to make exclusive-looking FotoMount binding.

180-degree-opening layflat albums

FotoMount is the optimal choice for high-end business portfolios and premium photo albums.

BooXTer binding

Binding duplex prints

Use quick-and-easy BooXTer binding for duplex prints. The blue guide fingers in front ensure perfect alignment of both book block and staples.

Strong and beautiful books

BooXTer-bound books are stylish and durable. No worries about loose-leaf binding.

Case making and creasing

Case making and cover mounting

Covermounting is easy and quick with preglued end sheets and position magnets. Making fully personalized wrap-around covers is easier than ever.

Creasing

With the ruler and position magnet you can easily crease your prints accurately by using the handheld creasing tool.
